

Welcome to 4th Grade!

Dear Fourth Grader and Families,

First, we'd like to welcome you to fourth grade! We are so excited to have you join us on the second floor! This coming year will be an exciting and busy one. Together we will explore and learn about many new things. You will learn about the history of our state - from the Native Americans to the American Revolution. In math, you will use all of the skills you learned in third grade to dig deeper into place value, multiplication and division strategies, geometry, and fractions.

To prepare for a successful year it's important that you continue to practice your math facts over the summer. Being fluent in your multiplication facts and knowing how to skip count will make our math lessons much easier! Along with practicing your math facts, we hope you will continue to enjoy books over the summer. Challenge yourself to read from a variety of materials - graphic novels, chapter books, mysteries, magazines, recipes, and more! We will read lots in fourth grade!

Attached to this letter is our supply list. Please bring your supplies on the first day of school. Please label all of the supplies with your name.

Have a great summer and we look forward to seeing you in the fall!

-Your Fourth Grade Teachers
