

ATTENTION PARENTS

Do you know what a Parent Member is?

Come find out during this Q & A session

Parents may have been asked by their school district to attend training to become a *Parent Member*, but they aren't really sure what that means, what's involved or why it may be beneficial to them.

Come hear the answers to these questions and any others you may have!

This brief information session will provide you an overview on:

- What it means to be a "Parent Member" of the Committee on Preschool Special Education (CPSE) or Committee on Special Education (CSE)
- How training can help you to better understand the special education process, laws and services
- The type of support you and other parents will receive to become more effective members of your own child's CPSE/CSE team
