## THE MISSION STATEMENT

The creation of a learning environment that promotes the principles of physical education, health and fitness as balance components of a lifetime of healthy living. Aquatics will allow the community the opportunity to explore a new environment that provides for development of skills for pursuits in athletics, fitness, leisure, and employment.

The Beacon City School District maintains a high standard of education with a progressive outlook and team approach from teachers and community. Likewise, our Aquatic Staff strives for these same qualities along with a progressive mindset toward new innovative programs and services.

We welcome new and better ideas to continue providing quality programming with the safest and cleanest learning environment possible.
