NHS Breast Cancer Awareness Scholarship

In recent years, great medical strides have been made in the arduous fight against breast cancer. Many of us in Beacon High School may have mothers, aunts, grandmothers, or other individuals in our lives that have been afflicted with the disease. Compose an essay (500-word limit) detailing your personal experience(s) relating to breast cancer and how you grew through them as an individual.

To apply, please complete this form and submit it to the NHS Adviser, Fran Vakirtzis personally or in her mailbox in the main office by May 17, 2019.
