

Attention – 2023 Scholarships Announced!

Over \$50,000 will be awarded in scholarships in 2023.

The New York Water Environment Association is a non-profit educational organization of water professionals promoting sustainable clean water quality management through science, education and training.

We offer over \$50,000 in scholarships annually for students pursuing environmental degrees. Since 1998, NYWEA has awarded over \$702,750 in scholarships to 240 students.

Scholarship application deadline is Tuesday, February 28, 2023
Please encourage your students to apply.

“Protecting the environment is intertwined with human health, safety, and problem solving, but it also has intrinsic value. I plan to become a licensed professional engineer and work in the field of water quality. I will do my best to ensure people have access to clean, safe water. I would like to help local communities as well as help in other areas of the world.” –Julia Boyne, 2022 Scholarship Winner, SUNY Albany
