

The Roberta Tighe Memorial Scholarship

This scholarship is in honor of Roberta Tighe, a Special Education Teacher who taught at Sargent School for 34 years. Along with her love for her family and friends, Mrs. Tighe loved helping and teaching students and watching them grow in the local community. Her family would be happy to provide this scholarship fund to a Special Education Student that has gone through the Elementary school system and will be a Beacon High School graduate.

To apply for this scholarship, please submit an essay on your experience and achievements, along with your goals in continuing your education after graduation. In your essay, also include some of your teachers that you have had during your years, some memorable experiences and how the teachers have influenced your life.

Please submit your essay to tighe5@optonline.net by April 29th.

We will be presenting the recipient with this award at the Beacon High School Annual Scholarship Ceremony.
