

Beacon City School District Communication Protocol 2024-25

Communication between our school staff and families is vital for the success of our students.

Below you will find a Parent and Community Communication Process Flow Chart organized by chain of command that will help guide the public communication. The first step should be to contact the person in charge at whatever level the initial action was taken with appeals moving on to the next level on the chain of command. You will also see contact information for every administrator in the district. Contact information for Board of Education members can be found here:

<https://www.beaconk12.org/domain/42>

If you have an issue directly related to your child's safety or an emergency situation, please call the school directly and the office staff will connect you with an administrator to help.

We will update the information periodically throughout this year to clarify information. Please let me know if you have any questions or concerns, I am always happy to help.

Sincerely,

Matt Landahl

Superintendent
